

New Parent Governor

We are pleased to introduce our new parent governor, Mrs Kerry Boughen. Our Governors play a critical role, as part of the school team, helping to continually improve our school. Mrs Boughen has a child in year 2 and she brings a lot of skills and knowledge to our Governing Body.

(For clarification, a 'parent governor' is a governor who happens to be a parent – they are not to be confused as a 'representative of parents'... as is always the case, if a parent has any worries or concerns then they should approach their class teacher directly.)

Children in Need

Well done to everyone for taking part in such good fun spirits with the Children in Need day. We raised a massive final total of £915.34!!

Many thanks to Mrs Lobb who made the amazing Pudsey and Blush look-a-likes.

The winners of the raffles for our bears were: Arielle Pounder and Kera Hawley.

Special thanks for making the day so successful must go to all the parents and grandparents for their generosity and cake baking etc.

And, a massive thank you to the School Council for all their input and fantastic help on the day.

Cash For Kids appeal

In support of the local 'Cash for Kids' appeal, we are currently asking for donations of new toys which go to under privileged children in our area. Cash for Kids responds to the needs of children in our communities so they can live life to the full and realise their individual potential. Please donate any new toys to the office. Many thanks.

Congratulations Miss Edwardson

Many congratulations to Miss Edwardson on the announcement of her engagement!

New Security Fence

We are very pleased with our new security fence that was installed over half term to improve security for our pupils at playtime. We'd like to thank the Local Authority who listened to our concerns and provided the funds necessary.

Painting of sheds

Massive thank you to the PFA in general and to Mr Collingwood and Mrs Glover in particular for painting the Gardening Gang sheds as well as the PFA sheds. It now looks like a scene from Bridlington sea front... just need a few deck chairs, cups of tea and some handkerchiefs for sun protection and we'll be all sorted ... !!

eSafety

Long gone are the days when, as schools or parents, we could ignore dealing with this subject nor even postpone it until secondary school. Our infant and junior children are connecting to the internet through games as well as phones in ways which we as adults struggle to keep up to date with.

What are the issues?

- The internet – on the whole is an inspiring and positive place.
- The internet is an amazing resource which enables children and young people to connect, communicate and be creative in a number of different ways, on a range of devices.
- However, the internet is always changing, and being able to keep up to date with your children's use of technology can be a challenge.
- You may sometimes feel that your children have better technical skills than you do, however children and young people still need advice and protection when it comes to managing their lives online.
- Issues that your child may encounter on the internet will vary depending on their age and online activities.

Where can I get help?

There are many web-sites which have been set up to provide parents with advice. One that has recently come to our attention is:

www.internetmatters.org

It provides clear and accessible guidance for children aged 0-5, 6-10, 11-13 and 14+

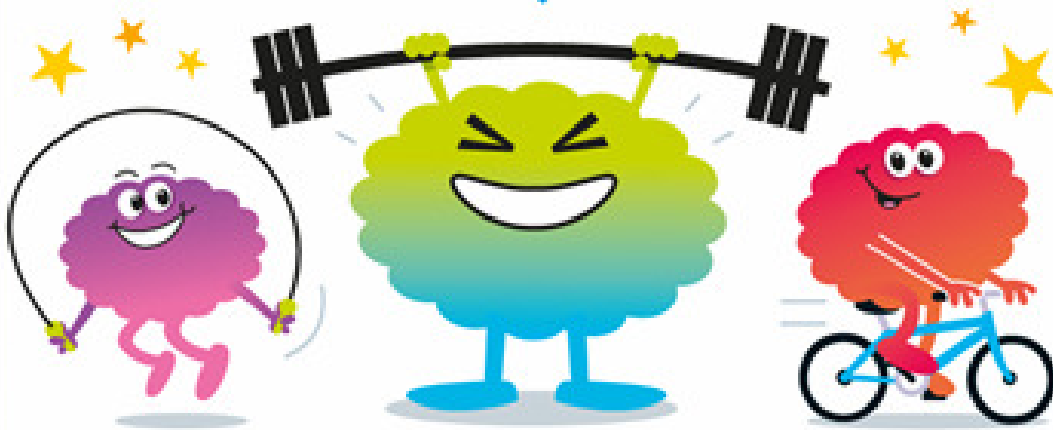

Other sites you might look at are signposted on our website under our e-Safety information tab.

Growth Mindset

Our whole-school growth mindset project continues apace with children learning about the value of taking responsibility for their learning and having a 'can-do' attitude... as people used to say: 'There's no such word as can't...'

Train your Brain with a Growth Mindset

Instead of...

I'm not good at this.

I give up.

It's good enough.

It is too hard.

I made a mistake.

I can't do it.

They are better at doing it.

That way didn't work.

I can't make this any better.

I avoid challenges.

Try thinking...

What am I missing?

I will use a different strategy.

Is this the best I can do?

I need more time and effort.

I can learn from my mistakes.

I will learn how to do it.

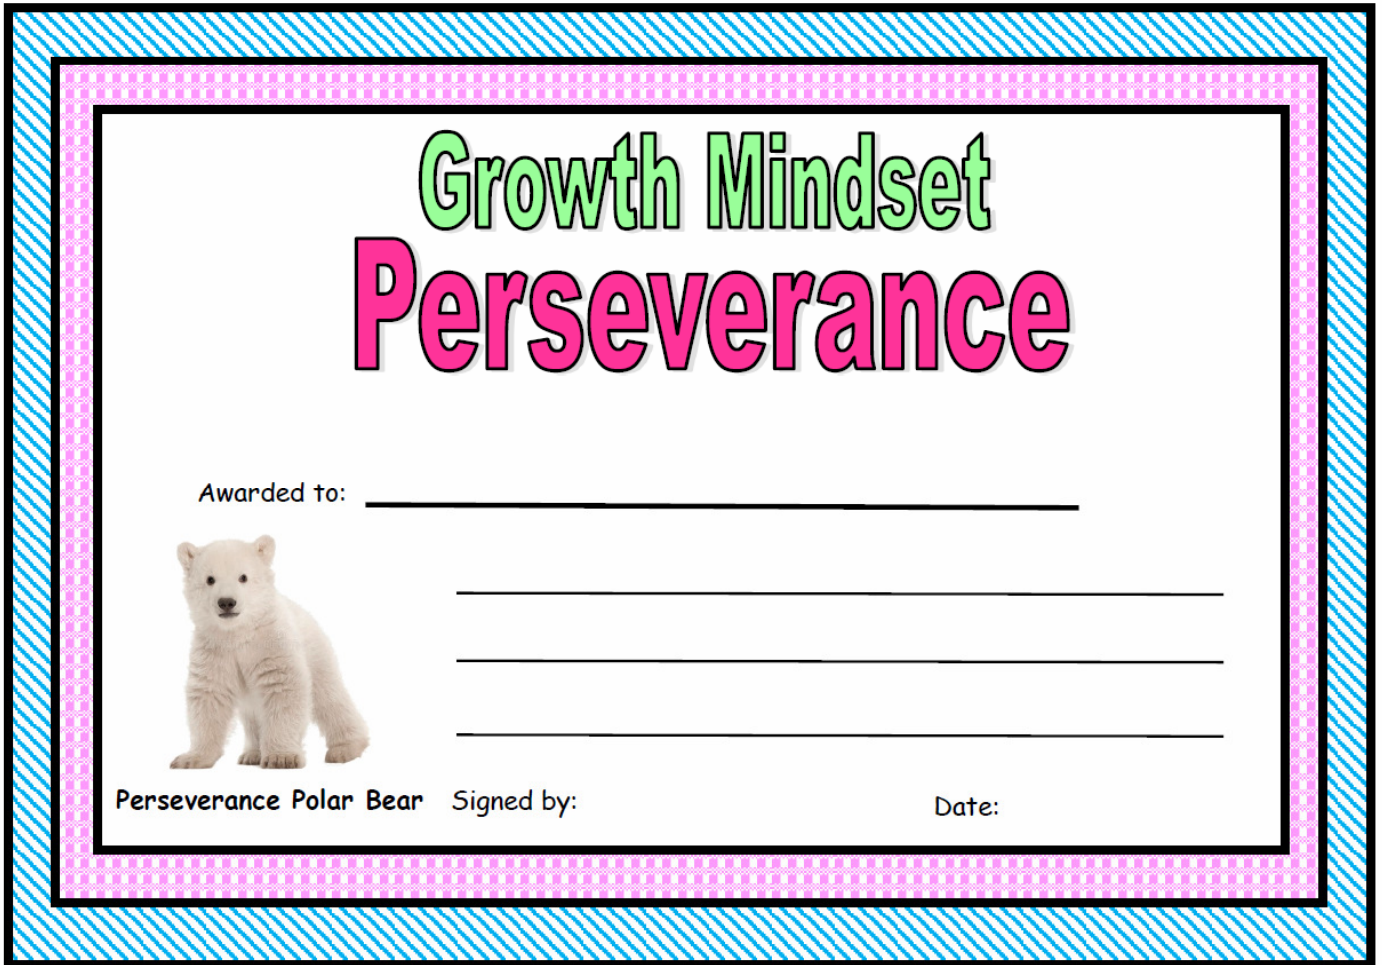

What can I learn from them?

I will try a different way.

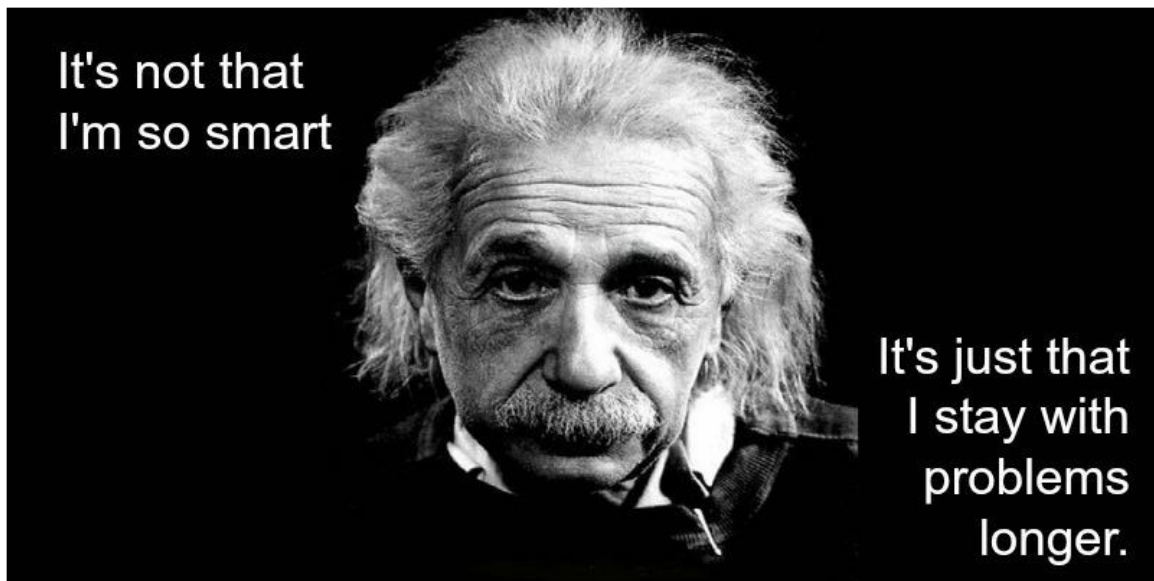

I can always improve.

I will embrace challenges.

Look out for our new range of weekly awards which are soon to be issued at our Friday assemblies – they are being designed to celebrate growth mindset traits such as responsibility, curiosity, determination, resilience, effort, enthusiasm, learning from feedback, perseverance and taking on challenge. Here is one example of:

Perhaps if young Einstein were a pupil at Willerby Carr Lane, we could give one to him!!!!

from Mr Smith and the whole staff team

Please see separate attachment:
Diary Dates for 2017-18 – with any changes highlighted in Yellow as the year progresses.
