

## I wonder...

What came first, the chicken or the egg? Honey & Amber

If gravity is pulling everything to the ground, how does a tiny fly or butterfly get off the ground? Jessie

If someone dropped a pineapple from the top of the Eiffel Tower, would the force of gravity shape it before it hit the ground? Arielle

If the Earth is spinning at 1040 mph, why does smoke from volcanoes go straight up? Daisy

If the Earth is spinning at 1040mph, how can hot air balloons and aircraft land? Will

Could 20 pints of lemon juice power an electric car? Annabelle

How do fish sleep? Eve

How do seeds escape from plants? Charlie

How far is it from Earth to Mercury? Owen

What exactly is a chemical reaction? Alex

Why does gravity pull things down? Why not sideways? Sofia

Why can't humans breathe underwater when fish can? Amelia

Why are there different types of forces?

Why do some planets have satellites and others don't? Alice

Why do fizzy drinks explode when you shake them? Emme

Why do fish live in oceans? Marli

How can rockets fly when gravity is pulling them down to Earth? Jensen

Are animal droppings similar in any way?

What happens to a deer's body when they die? Alfie

How does electricity travel? Harrison

Why is there no gravity in space? Emma and Jack

How do the stars stay floating in the sky? Lille

How are bogies formed? Theo

How come there is no oxygen in space? Molly

Why do bees have to pollinate? Can other insects do this? Aleisha

How many galaxies are there?

Is anything smaller than an atom?

*What is the actual meaning of life?*

*What is the point of finger nails?*

*What is an eye ball made from?*

*Why are planets spherical?*

*How do we see?*

*Why is Earth the only planet with air?*

*Where does space end?*

*What is the point of gravity?*

*How do people go blind?*

*How do you become deaf?*

*Are there any other life forms in the universe?*

*How are everyone's finger prints unique?*

*How long would it take to walk around the Earth?*

*Why is the sun so hot?*

*Why do some people have freckles and some not?*

*Why do people sweat?*

*Why do we yawn?*

*Why do we have hair?*

*Why do we hiccough? Why do we have bogies?*

*How does a bubble form?*

*How doe the information from a satellite get to your sat nav? 5W*

*Year 5*
