

Find your way through the allergy maze to help keep friends safe!

Allergy adventures™

START ►

Keep a LOOK OUT for the top 14 allergens!

Food allergies are serious. Be a good chum and don't make fun.

Wash Hands

Remember to wash your hands before and after eating.

Keep friends with food allergies safe. Get help quickly if they are vomiting or finding it hard to breathe or speak. Or if they have a rash/swollen face/upset stomach, or if they feel faint.

FINISH

Well done!
