

Whole School Art Project 2022

This year's whole school art and design project is entitled "Tree of Life."

The pupils have studied the work of artist Gustav Klimt, looking at a range of his paintings and using the visual elements of line, colour, pattern and shape to discuss his work. They made simple studies of pattern and line using different media, before focussing in on the work "Tree of Life." They then took their sketchbooks outside, making detailed observational drawings of the trees around our school.

Each pupil then created their own imaginative work inspired by our trees and the work of Klimt, demonstrating what they have learned about colour theory, using the different types of paint that they have learned to use in their art lessons this year.

The results have surpassed expectations, showing imagination and creativity in their individual interpretations. Well done everybody!

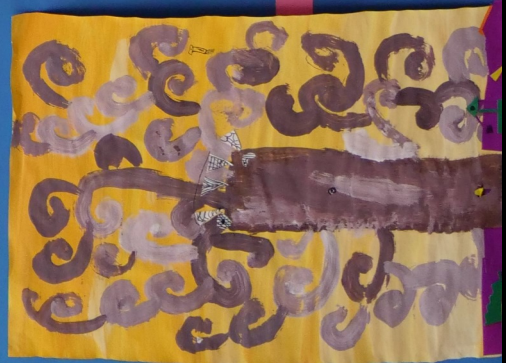

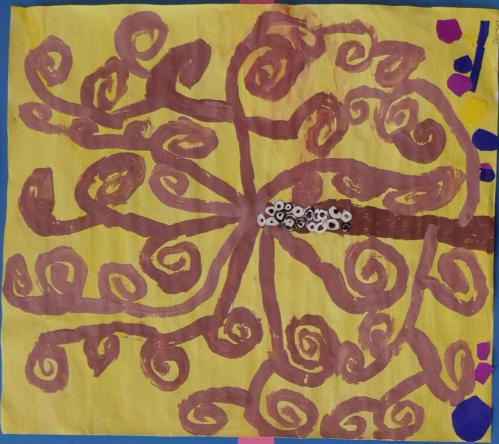

Year 1 - Tree of Life

Year 2 - Tree of Life

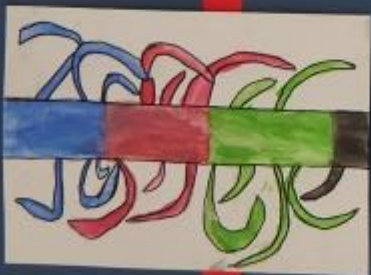

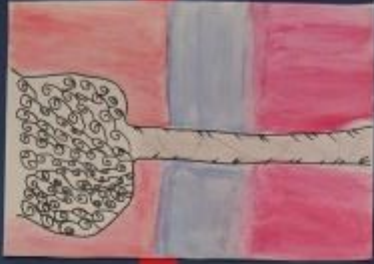

Year 3 - Tree of Life

Year 4 - Tree of Life

Year 5 - Tree of Life

Year 6 - Tree of Life
